

EMPLOYEE WORKPLACE NOTICE PUBLIC SECTOR

Pennsylvania Worker and Community Right To Know Act

The Pennsylvania Worker and Community Right to Know Act requires that information about hazardous substances in the workplace and in the environment is available to public sector employees and employees of private sector workplaces not covered by the Federal Occupational Safety and Health Administration (OSHA) Hazard Communication Standard and to all persons living or working in the state. Employee rights listed below are further defined in the Worker and Community Right to Know Act (P.L. 734, No. 159) and Regulations. For additional information, contact the Department of Labor & Industry, Bureau of Workers' Compensation, Health & Safety Division, 1171 S. Cameron Street, Room 324, Harrisburg, Pennsylvania 17104-2501; (717) 772-1635; E-mail: [**RA-LI-BWC-SAFETY@pa.gov**](mailto:RA-LI-BWC-SAFETY@pa.gov).

Employee Workplace Notice:

Public sector employers (including state and local government agencies and public schools and public universities) and private sector employers not covered by the OSHA Hazard Communication Standard must post this notice informing employees of their rights under the law. This notice must be posted prominently in the workplace at a location where employee notices are normally posted.

Training:

Public sector employers and private sector employers not covered by the OSHA Hazard Communication Standard must provide an annual education and training program to employees exposed to hazardous substances. The training program may be presented either in written form or in training sessions.

Hazardous Substance Survey Form:

The Hazardous Substance Survey Form (HSSF) provides an inventory of the hazardous substances found in the workplace during the prior calendar year. All employers must complete a workplace HSSF annually. Public sector employers and private sector employers not covered by OSHA must post the HSSF prominently in the workplace and must provide a copy to any employee upon request.

Work Area List:

The Work Area List names the hazardous substances used or produced in a specific work area in the workplace. Public sector employers and private sector employers not covered by the OSHA Hazard Communication Standard must update a Work Area List at least annually, must provide a copy to any employee of the work area upon request, and must offer a copy to any employee newly assigned to that work area.

Material Safety Data Sheet:

The Material Safety Data Sheet (MSDS) provides detailed information about a hazardous substance. In public sector workplaces and private sector workplaces not covered by the OSHA Hazard Communication Standard, an MSDS must be accessible in the work area where the hazardous substance it describes is used. MSDSs must be readily available to employees without the intervention or permission of management or supervisors, and any employee may obtain and examine an MSDS for any hazardous substance in the workplace. If an employee's request to obtain a copy of an MSDS is made to the

employer in writing and, after five working days from the date the request is made, the employer fails to furnish the employee with an MSDS in the employer's possession or fails to provide the employee with proof of the employer's effort to obtain the requested MSDS from the manufacturer, importer, supplier or distributor and from the Department of Labor & Industry, the requesting employee may refuse to work with the substance.

Environmental Hazard Survey Form:

The Environmental Hazard Survey Form (EHSF) provides information about any environmental hazards emitted, discharged or disposed of from the workplace. All employers are required to complete an EHSF when and if requested to do so by the Department of Labor & Industry. If an EHSF has been completed by a public sector employer or a private sector employer not covered by the OSHA Hazard Communication Standard, a copy must be provided to any employee upon request.

Labeling:

All containers and ports of pipelines of hazardous and non-hazardous substances in public sector workplaces and private sector workplaces not covered by the OSHA Hazard Communication Standard must be properly labeled. Employers must ensure that each label, sign, placard or other operating instruction is prominently affixed and displayed on the container or port of a pipeline system so that employees can easily identify the contents.

Health and Exposure Records:

Public sector employers and private sector employers not covered by the OSHA Hazard Communication Standard must maintain and allow employee access to records of employee chemical exposure to the extent required by OSHA (under 29 CFR 1910.1200) or by the Mine Safety Health Administration (under 30 CFR 70.210 and 71.210).

Non-discrimination:

If a public sector employee or an employee of a private sector workplace not covered by the OSHA Hazard Communication Standard believes that he or she has been discharged, disciplined or discriminated against by an employer for exercising his or her rights granted under the Pennsylvania Worker and Community Right to Know Act, that employee has 180 days from the date of the alleged violation to file a written complaint with the Department of Labor & Industry, Bureau of PENNSAFE.

Notification to Employees of Their Rights and Duties Under the PA Workers' Compensation Act Section 306 (f.1)(1)(i)

The Pennsylvania Workers' Compensation Act requires that employees be given written notice of their rights and duties under Sec. 306 (f.1)(1)(i) of the Act if a list of designated health care providers is established by the employer. The text of this section is provided on the next page.

If you are viewing this electronically, your electronic signature will be your acknowledgement that you have been provided with your rights and duties; otherwise, you must acknowledge this with your signature and return it to your employer. You may keep a copy for your records.

Rights and Duties

As an employee of the commonwealth working at a location where a list of designated health care providers has been established and posted, you have the right to seek emergency medical treatment from any provider; for post-emergency and other injuries, you must obtain treatment for work-related injuries and illnesses from a designated health care provider for 90 days. The penalty for not using a designated health care provider is that the commonwealth is not liable for the medical bills incurred. Specific rights and duties are:

- The duty to obtain treatment for work-related injuries and illnesses from one or more of the designated health care providers for 90 days from the date of the first visit to a designated provider.
- The right to seek emergency medical treatment from any provider, but subsequent non-emergency treatment shall be by a designated provider for the remainder of the 90-day period.
- The right to have all reasonable medical supplies and treatment related to the injury paid for by your employer as long as treatment is obtained from a designated provider during the 90-day period.
- The right, during this 90-day period, to switch from one designated health care provider to another designated provider.
- The right to seek treatment from a provider if you are referred to that provider by a designated provider.
- The right to an additional opinion from a provider of your choice when invasive surgery is prescribed by the designated provider.
- The right to seek treatment or medical consultation from a non designated provider during the 90-day period, but the services shall be **at your expense** for the applicable 90 days.
- The right to seek treatment from any health care provider after the 90-day period has ended.
- The duty to **notify your employer of treatment by a non designated provider (after the 90 day period) within 5 days of the first visit to that provider.** The employer may not be required to pay for treatment rendered by a non designated provider prior to receiving this notification.

I acknowledge that I have been informed of my rights and duties under Sec. 306 (f.1)(1)(i) and that I understand them to the extent they are explained above.
